BOARD OF DIRECTORS MEETING
AGENDA**

1. Seek funds/Grants to help improve the exterior looks of buildings, facades and businesses to attract customers to shop in downtown Hamtramck and to shape the view of the city, such as designing new lights /solar lights and landscaping new signs...
2. Do a business study and business planning for new development for any vacant space in the DDA area to be redeveloped to a new business opportunity and to help or redevelop any Business that's not doing well in the DDA district area.
3. Plan more events and activities in downtown Hamtramck.

General:

Plant street trees along Jos Campau between Carpenter and Caniff. Team up with Beautification Commission.

Ask Bill Meyers, One Hamtramck, to help with the database. Bill Meyers walked along the streets surveying business community already. He might have all contact information already.

Create list of past accomplishments (Joan is an expert) Past projects: Created parking lot signs. Snow removal on sidewalks. Trim trees. Need fb report.

Use DDA reserve funding now. Invest in the future now, and receive greater rewards. DDA needs to get serious with funding now and invest in help for it to be successful in the future. This differs from gradually spending the reserve funding but not seeing much change. If the DDA invests in a staff member now, the staff member will earn more money for the DDA by filling vacancies and strengthening businesses with marketing and communications support.
